

DRYWALL SPECIALIST

Over the last 47 years, Fairbank Construction has earned the ranking as one of the Puget Sound's premier construction companies. We have grown a team of highly skilled professionals committed to integrity, excellence, and passion for building exceptional structures that exceed the expectations of valued clients. This role works primarily for our Special Services Division and is a client-facing role requiring exceptional patching skills and customer service. You will doing comparatively little hanging, taping and mudding. Your primary focus is on repairs, matching high end finishes and small remodel projects.

Job Description

The Drywall Specialist position requires a desire to work hard with a team of talented carpenters and to take on greater responsibilities as you progress. The Master Drywall Finisher position requires specialty drywall expertise in specific areas of drywall installation such as installing drywall in curved or arch-shaped surfaces, which requires advanced cutting and bending techniques. Other specialty areas include Level 5 finishes, ceiling installations, decorative finishes, or high-end custom projects.
